Anesthesia & Critical Care Software  
1 Montpellier Laguna Niguel, CA 92677 USA

---

Dear Anesoft Customer,

Thank you for purchasing the **Anesoft Sedation Simulator 4** – single license. We hope you enjoy the simulated cases. This version of the software runs in your browser and utilizes Microsoft Silverlight. On a PC you can use this application in any browser. On a Mac you should use Safari, not Firefox.

## Single License Installation Instructions for Windows and Macintosh:

1. If you are installing from a CD, copy the entire Sedation Sim 4 folder from the CD to your desktop.
2. If you are installing from the download, SAVE the download file SedSim4.zip to your desktop. Close all applications then right-click the SedSim4.zip icon on your desktop. Under the Zip options select 'Extract to folder \Desktop\SedSim4'.
3. After copying from the CD or unzipping the downloaded zip file, open the SedSim4 folder and double-click the file AnesoftSedSim.html to launch the Sedation Simulator in your default browser.
4. When you launch you may see an icon showing Microsoft Silverlight. If so, you will need to click the icon to install Silverlight on your computer. After installing Silverlight, exit your browser and launch Sedation Simulator again.
5. If you wish, you can create a shortcut to AnesoftSedSim.html.

The best way to learn to use the Sedation Simulator is to run Case 1 which includes very detailed instructions, one step at a time to manage the first patient. Select Case Help > What Now? repeatedly during the simulation. The What Now help will walk you through the entire case.

This program was planned and produced in accordance with ACCME essentials. You can earn AMA PRA Category 2 credits with Sedation Simulator 4. Each physician should claim only those hours that he/she actually spent in the educational activity. Typically up to 48 credits are claimed for this activity (one half credit per case). Please email a request to [jill@anesoft.com](mailto:jill@anesoft.com) if you would like us to send you a CME certificate.

Please email us at [jill@anesoft.com](mailto:jill@anesoft.com) if you have any questions, problems or comments.

Best regards,  
Jill, Anesoft Customer Service
